5.	On 4 February, the barracks installation in Weixdorf was occupied by troops wearing black-bordered crimson and black-bordered blue epaulets. one Senior Lieutenant (Inf) Zenukhen (phonetical spelling) (Inu) was stationed in the installation. On 29 January, 20 troops wearing black-bordered crimson epaulets practiced aiming and 20 troops drilled near the installation and, on 4 February, about 100 troops wearing black-bordered crimson epaulets drilled in the installation.	25X1 25X1 25X1

1.	Comment. Medium AA guns have so far not been observed in Hermann Goering Maserne. Troops wearing artillery insignia have, however, been observed in the installation, in addition to troops with tank insignia since the fall of 1953. These observations tend to indicate that the 1018th AAA Regt of the 11th Gds Tank Div is stationed in the installation. The Informatic fails to furnish indications for the 40th Gds Tank Regt.	on 25X1
2.	Comment. The Napola installation can be carried occupied as previously by the Hq llth Gds Tank Div.	
3.	Comment. Rovements of the 11th Gds Tank Div.	i e
4.	Comment. The installation appears to be occupied as previously.
